## Alderwood Estates Recinsion Was N.G.

Alderwood Estates is an area that lies between Woburn Street and West Street, in the easterly part of Wilmington. It was started as a real estate development about 15 years ago, and after a while ran into trouble, with water in cellars being one of the complaints. The difficulties grew, and became political in nature, and finally the Selectmen voted not to accept an engineering plan, in a Hatch Act hearing, and the Wilmington Planning Board voted to "rescind" the plans for the area.

Tuesday night the Planning Board heard that vote of the Planning Board, two years ago, was illegal, and had no meaning. The man who told them this was Attorney John Cuniffe, representing the Newton Co-Operative Bank, which had a mortgage on the property.

Attorney Cuniffe said he was at the meeting of April 14, 1970, that he had received the notice only that day, that it was postmarked in Wilmington on April 10th and thus did not have the required two weeks notice, and that he had pointed out to the Planning Board that the property was mortgaged.

With Mr. Cuniffe was Town Counsel Alan Altman, who said that the notice should have been mailed 14 days prior to the hearing.

The notice, to Mr. Cuniffe, was a minor point. The major issue, he said, was that a planning board cannot rescind a plan in which land has been sold or mortgaged in good faith - and the Newton Bank had a mortgage on that property.

Cuniffe told the board too, that the Hatch Act hearing (which had practically been produced by a

political situation) had in effect been negated by the State Department of Natural Resources.

The Newton Bank, he said, had foreclosed on the mortgage the day after the plan had been rescinded. Mr. Cuniffe and the Planning Board discussed the case for just about half an hour, and Cuniffe ended his discussion by saying that he didn't think he would have to go to court to prove his point.

The chairman of the Planning Board told him he should have a decision in two weeks.

Can We Rescind?  
No sooner had the conversation with Mr. Cuniffe been completed but the Planning Board asked the Town Counsel if they could now rescind the plan - seeing that there was no mortgage. It having been foreclosed. The question was asked by the chair-

man.  
Altman: I would say No. There isn't one case I can hang my hat on. The Supreme Court would not allow something to come in by the back door which it would not allow to enter by the front door.

Grant: How long would it take to get to the Supreme Court?

Altman: Two years.  
Grant: Good. That's enough!

Leahy: Could we, in fact, vote to rescind tonight?

Altman: The Planning Board can vote to do anything it wants. Mr. Cuniffe said that you did things, and what you did was illegal.

Mr. Grant rephrased his question, making it a little more complicated.

Altman requested a copy of the question in writing, and said he would reply in two weeks.

SHE WON THE SAILBOAT: Eleanor Landers, of 8 Hamlin Lane was the lady who won the sailboat that has been on exhibition in the lobby of the Middlesex Bank for several weeks. She is shown with her daughter Molly, accepting the ownership from bank manager, Joe Maffeo.

### NICE CLEAN WATER

The Sanitarian of Wilmington has been testing the waters of Silver Lake every two weeks, since the bathing season began. The test is evaluated on a scale up to 1000 coliform bacteria per 100 milliliters, which is water unfit for swimming.

In the last test the Town Beach had 40 coliform per cu.m.l., and the Baby Beach check was 60.

### YOU DON'T GET CARS THAT WAY

Patrolman Anthony Langone, Tuesday night, arrested a 26 year old man from Boston in the Fred Cain parking lot. Langone spotted his arrestee in a car, and arrested him for Attempted Larceny. He was arraigned in Woburn Court yesterday morning.

The car was valued at \$6600.

## Selectmen want to know Chelmsford Costs

The Board of Selectmen and John Brooks, of the School Committee conversed for a few moments on school construction costs. The Selectmen agreed that they would invite Chelmsford officials to Wilmington to tell how they cut the construction cost of a high school in half.

Chairman George Boylen, in the early part of the Selectmen's meeting spoke on how he had read a piece in a paper, about the cutting of costs for a 2400 pupil high school. Mr. Brooks quite affably agreed that it was possible, but said that a meeting with Chelmsford people would be a matter for the Selectmen, and not the School Committee.

The Selectmen were unanimous. One of them, leaving the meeting later, said something to the effect that there is more than one architect in this world.

## Propose office building for Concord Street

An office building is being planned for construction off Concord Street, on the Lopez property, which is adjacent to the Boston & Maine Railroad. The property is the site now of a Photon plant, and of a lumber terminal, and except for Photon, is owned by the Lopez Realty Trust of Waltham. The road is named Lopez Road.

Attorney Joseph Courtney, Tuesday night submitted plans to the Wilmington Planning Board for extension of Lopez Road by 226 feet, so that the building may presumably be constructed. He ran into twenty five minutes of discussion, and what may be termed bickering.

The Chairman of the Planning Board, Mort Grant, did not want to accept a "definitive plan". The Planning Board regulations say that a preliminary plan shall first be submitted, and then discussed for sixty days, after which, presuming that it was accepted

by the Planning Board, a Definitive Plan is submitted.

Mort Grant, however, said he welcomed new industrial construction. Then the Planning Board began to cite reasons why they should not accept the plan submitted by Courtney. Courtney told the board that he was trying to expedite matters, and that the laws of the Commonwealth did not insist on a preliminary plan first.

After 25 minutes of discussions the board voted to accept the plan, with Courtney agreeing to practically all their suggestions and stipulations. A public hearing will be held sometime in the future.

## Lacquer firm turned Down

The Board of Selectmen turned down a lacquer firm which proposes to move to Wilmington, in their meeting of Monday night.

Silbond, which has offices in Arlington, and has recently purchased a part of a firm in Cambridge, is a firm which mixes paints into lacquers. It proposed a plant on Industrial Way which would employ 18 persons. They make a water proof solution which can be used in cellars and buildings.

There were 16 interested residents of the Eames Street - Woburn Street area present at the hearing.

Most of the conversation was between Tom Kell, the president, and George Boylen, chairman of the selectmen. Mr. Boylen is a recognized authority on certain phases of pollution, at M.I.T.

Mr. Kell told Boylen that there would be less than one part per million of sulphur in the air, as the result of their work, and that the mineral spirits involved could not be smelled within 200 feet of their building. He expected to lose two gallons of mineral

spirits in evaporation daily. A gas station, he said, loses 10 to 15, and is much more smelly.

We do not basic manufacture, he said, we blend.

Bob Lewis and Wilson Belbin were the principal speakers against Kell.

## Selectmen hear sewerage plans

The Selectmen heard, Monday night, from the Town Manager a report on the latest discussions concerning sewerage extensions in Wilmington. TM Sterling Morris told the Selectmen that he and Arnold Blake, the chairman of the Water Commissioners had discussed the problems with representatives of the Charles River Breeding Laboratories, in North Wilmington, at the office of Whitman & Howard, engineers, on June 18th in Boston.

The most feasible solution at the present time, the Town Manager said, was to extend the present sewer main at Eames St., to Silver Lake, to solve the problem there, and have a branch go up toward the High School. At the same time a branch would

go toward the Charles River Labs, possibly an extension of that to the High School and possibly by another route.

In addition to solving the problems at the Charles River Labs the extension in that direction might activate development in the northern industrial area, the TM said.

Morris recommended that funds for engineering be voted at a special Town Meeting, presumably to be held in September, in order that the engineering work might start in September, and be completed in a year. This would enable the town to have a vote on the extension in a Town Meeting early in 1974, and start construction in November of that year.

### Consultant says:

## Industrial Water Rates should be Adjusted

The Board of Selectmen heard a report from Fritz Osterr, a former Avco employee, which said that the Industrial Water rates in Wilmington should be increased.

Mr. Osterr had been employed by Avco to make the study. It was a financial study of the Water & Sewer Department of Wilmington.

Mr. Osterr said that there is a need, right now, for sewer systems in North Wilmington.

The charges for water, in Wilmington, he said, should be adjusted, for industrial users.

He thought that a typical residential bill, for sewer use, was relatively high, and was "tough on the home owner". There was belief, he said, that it was in conflict with a federal guideline, in that the bills favor the large users.

Osterr recommended that water users who use over 10,000 cubic feet of water in a year should have their rates increased. In some cases, he said, this could mean an increase in costs of \$25,000 a year.

He had looked, he said, at the water distribution plans for North Wilmington, prepared by Whitman & Howard - a 16 inch main up Anderson Street, a standpipe in North Wilmington, and a return main. His figures showed that there would be a cost of \$150 an acre, for such a water main, and that there was therefore a need for a 200 acre industrial area in North Wilmington, to finance these mains.

## Morris is graduate of Staff & Command College

Sterling Morris of West Street, who is also Town Manager of Wilmington, graduated from the Command & General Staff College of the U.S. Army, at Fort Leavenworth, Kansas, last week. A major in the US Army Reserve

(Armor) Morris has been a correspondence student at the College for the past five years, taking winter and summer courses.

He was named to the Commandant's List, which means that he was in the top 20% of the graduates.

## Bender & Brady on Industrial Commission

Lloyd C. Bender termed it "an unusual way to discourage attending the Selectmen's meetings."

He and Bernard Brady, president of the Wilmington Chamber of Commerce, were appointed to the Industrial Commission on Monday night by Town Manager Sterling Morris.

Mr. Bender had just dropped in, to see how things were going. He had been working late in the office, and had not been in the Town Hall for several years, since he was a Selectman. Bender was nominated by George Boylen, chairman of the board.

Bender said he would serve if his service would be "of help to the Town, and to Sterling Morris, Town Manager".

## Action on the CPAC Front

Harvard Professor Emeritus Charles Elliot finished his work on the so-called 701 Program for Wilmington some months ago, with one of his recommendations being the formation of a group to participate in the planning - called CPAC.

Nothing much has happened since then. But Monday night the Selectmen heard Danny Gillis, former Planning Board member say that he was getting a small group ready to work with Bill Hanlon on the Planning Board, and Tuesday night Gillis brought three men to the Planning Board meeting - John Quinno, Ed Coste and John Graney.

Presumably the three men will participate with a group that is to leave the Town Hall at 10 am on Saturday and inspect the three possible dump sites of Wilmington - one beyond MacDonald Road, one in the Benevento gravel pit area, and the third being the present dump, or the land adjacent to it.

Mr. Quinno, who is an old Wilmington (Taylor) family and lives on West Street, is interested in transportation. Ed Coste is interested in anything having to do with planning, and John Graney is probably going to represent

Liaison Committee) meetings, of which there is to be a meeting to-night, in Weston, on rail movement.

Mr. Gillis told the Planning Board that Mr. Quinno might be the Selectmen's representative to SILC.

ROTARY GOVERNOR VISITED YESTERDAY: The District 793 Rotary International Governor made his annual visitation to the Rotary Club of Wilmington, yesterday. The Rot. Dr. John Prescott Robertson of Wakefield had an excellent visit.

He is R. Joseph Maffeo, treasurer; Chuck Dewhurst of Salem, N.H., the governor's representative; Secretary Stanley Webber; President Ralph Madin (almost hidden), Governor Robertson and Past District Secretary Harold Foley.

HE SELLS ICE CREAM: Neil Morrissey of Topsfield comes from a large family, and has a good sized one himself, and now he is making his living selling ice cream at the Sunnyside stand, on Lowell St.

He is an accomplished musician, as are many of his family, and participates in choral work. Neil worked for General Electric for six years. Now he sells ice cream, and he hopes to sell a lot to his new friends in Wilmington.

BOB LEWIS AND THOMAS KELL: Talk about odds, and causes, after the Selectmen's hearing of Monday night. Mr. Lewis is a leader of the Woburn Street group, and Mr. Kell, in light colored shirt, is the president of Silbond, the firm that seeks to locate on Industrial Way. Behind Kell is I. Fred DiCenzo, one of the two brothers who owns the industrial complex on Industrial Way.

JOHN QUINNO AND FRIENDS: Ed Coste and John Graney, at Planning Board meeting Tuesday night.

## Town Beach to be closed August 4th

The Wilmington Town Beach, in back of the former Mildred Rogers School, will be closed to bathers on August 4, a week from tomorrow.

The beach, instead, is going to be used for the Summer Playground program, in what is to be known as the First Annual Playground Beach Day.

The events are to start at 9 a.m. and will continue all day, as some hundreds of kids in the Summer Playground program participate in swimming races and special

tournaments. There will be programs for the 6 and 7 year olds, including a dog paddle race, and for each age group up to the 16 to 19.

A huge cook-out is being planned for the noon hour. Parents are being invited to attend, by Ron Swazey, Recreation Director, and to join in the cook-out.

Lifeguards will be posted at Baby Beach, all day, for the people of Wilmington who will have that beach to use.

## Second annual run, punt, pass & kick Contest

The second annual Run, Punt, Pass & Kick Contest to be sponsored by the Wilmington Recreation Department is scheduled to be held on August 5th, a week from Saturday, at Wilmington High School. It will be open to all boys, 9 to 13, as of the first day of September.

Boys will compete in four age divisions, 9-10, 11, 12, and 13. Contestants will register at the registration desk, pick up an event card, and then proceed to the trials. Each boy gets 3 tries at each event, except the 40 yard

dash. The best score in each event will be counted for each entrant, for the final score.

Trophies are to be awarded to the winners in each age classification, and there will be participant ribbons for all who are in the competition.

The Pop Warner organization will assist, and applications for Pop Warner football will be at the desk for those who wish to register for that sport.

Ron Swazey (658-6512) and Rico Catalano (657-7345) are the men in charge of the program.

## Voter Registration

The Wilmington Selectmen's drive to enlist younger people on the town's voting rolls took another step forward, Monday evening. Selectman Mike Cairns told the members of the board that three dates have now been set to register new voters.

The Town Hall will be open from 7:30 to 9 p.m. on August 7th and 14th (Mondays) and on the third Saturday of August (August 19th) from noon to 10 p.m. for the purpose of registering new

voters. Any 18 year old resident, or one who will be 18 by election day, can register to vote up to 31 days before a state or federal election. Residents may vote on a special short ballot for president and vice president by registering up to 29 days ahead of the November election. For town elections residents may register to vote up to 20 days beforehand.

## Little League farm Championship

A six run first inning carried the West Farm Champion Dolphins to a 6-5 victory over the North Farm Titlists, the Crows.

Hits by Jerry Galvin, Dave Bratt, Lou Theriault, Steve Brown and Scott Peters drove in runs in the big inning, giving the Dolphins a commanding 6-0 lead.

The hurling of the Crows' Billy Ethier and Sal Carbone allowed only one hit the rest of the way while the Crows picked up four second inning runs. Key hits in the Crows rally were made by Ralph Gunnarson and Doug Bicknell.

A sixth inning run narrowed the gap to 6-5, before Theriault struck out the last two Crows' batters with runners on first and second to save the victory.

Theriault chalked up ten strikeouts in four innings of relief, pitching, while Carbone whiffed nine for the Crows in his four inning stint.

### LITTLE LEAGUE MINORS

The Braves (9-3) stayed alive in the two team race with the Dodgers (10-3) by whipping the divisional leaders, 8-7, with a four run rally in the last inning.

The Dodgers have one game left, while the Braves have two as the championship hangs in the balance.

RELAXED: Ralph Gunnarson, who plays first base for the Little League Farm 'Crows' didn't let anything get him excited, last Saturday, during the championship match with the Dolphins.

## Jay-Dee takes semi-fast Crown

JAY TIGHE WAS PUT OUT OF THE GAME: Wilmington's well known sports leader, and manager of the Jay-Dee Builders, was put out of the game Sunday, in Tewksbury, after a disputed play in the first inning. Jay, holding up one finger to signify out, was tossed out of the game when he suggested to the plate umpire that he had 'blew the call' - and the umpire invited Jay to leave the field. Jay stayed close to the action, however, even if he wasn't warming the bench with the rest of the Jay-Dee team, shown here.

Jay-Dee Builders defeated the Lowell Elks last Sunday night, 6-3 at Tewksbury to win the Area Qualifying Semi-Fast Pitch Softball Tourney and a berth in the State Tourney next month at Worcester. The Wilmington entry topped Paradise of Tewksbury, 9-5 in a

What function do fats serve in the diet?

Of course, it is well known that most animal fats are very hard for the human body to digest. In fact, some of these fats are never totally digested; we carry them around as excess weight.

Examine the fats in your diet. Use them only when you need a highly concentrated source of fuel for flavoring in food, and only if they contain valuable vitamins.

Consult your physician for the proper foods in proper amounts.

# PLAYGROUND NEWS

**Shawsheen**  
Relief from the heat and a lot of fun was made possible last week with the help of a neighbor's hose. The youngsters have been busy making pot holders, key cases and comb sets and seem very happy to have arts and crafts material at the playground.

The boys and girls on the softball and street hockey teams are playing very well as their scores demonstrate! Their hard work has had very good results.

**Future Events:** There will be a field trip to Canobie Lake on August 1st and to the Red Sox game on August 9th. Parents are reminded that children must turn in signed permission slips along with the fee for the trip in order to attend.

Chaperones are needed for the trips and will pay a reduced fee. Beach Day will be held at Silver Lake on August 4th. There will be swimming meets and game tournaments.

**Boutwell**  
Last week the Big Gray boys from the High School split victories with the Boutwell Street team in street hockey and senior division softball. The junior softball team won both their games.

The week's big news was the Big Gray's sweep on Thursday in both the boys and girls games. The boys won all three of their contests by the same score, 4-2. In the junior softball game, Joey Simmons and Steve McGinley led the way. In the senior softball game, Andy Lafave broke a 0-0 tie with a three run triple in the fifth inning and the Big Gray continued on to victory behind the excellent pitching of Earl Paulsen and the hitting of Jim Reed.

In the afternoon street hockey game, the Big Gray clearly outplayed the Boutwell and coasted to another 4-2 victory. Goal scorers were Bobby Woods, Billy Liston and Kevin Peterson. Andy Lafave played well in net and received help on defense from Frank Bellevue and Mike Ciacio.

Thursday's action left the Big Gray boys undefeated on their home field. Rumor has it that they are simply unbeatable at home. This week they defend that claim against a tough Glen Road team.

Last week was a busy one at the Boutwell Beat - the Green Machine faced the High School's Gray Grunge in sports. The boys softball team (10 and up) beat the High School 12-4 due to the efforts of Jimmy Hachev. Buddy Vengren and Jim Peterson, while the younger boys (9 and under) bowed to the High School's big 7 run last inning making the final score 9-8. In boy's hockey both of Boutwell's teams won over the High School with identical scores, 4-0, 4-0. The girls fared well also taking a 6-2 win over the High School with 4 big goals by Sandy Allison. During lunch, the Gray's girls seemed to disappear so the Boutwell girls won their softball game by forfeit.

Wednesday was a big day, beginning with a pet show in the morning. Kim Wandell's three little kittens were voted as first place winners, but the event did not occur without mishap. Steve Manuel's bounding Saint Bernard, "Baby" scared Steve Walsh's cat "Blackie" into the woods. Poor Blackie didn't return until Friday. Buddy Vengren was disqualified for trying to enter his sister, Linda in the contest.

Wednesday afternoon Kim Wandell stole the show again as she and her partner Cathy Manuel won the scavenger hunt.

Thursday the Boutwell faced the High School again, this time at the High School. The Gray Grunge defeated both boys softball teams and hockey teams with 4 identical scores of 4-2. The Boutwell girls also lost in softball, 2-4 and hockey, 6-0.

Friday the Boutwell Beat prepared for Friday's Family Night by setting up a campsite, collecting wood and making blueberry cupcakes. Mother Nature, however didn't care to cooperate and the event was rained out and was reset for Tuesday, July 25th.

**Future Events:** This week the Boutwell faces the Wildwood on Tuesday and Thursday. On Wednesday, a busload from the Beat will be going to Canobie Lake. In the meantime, several hot rods are in the making for the soap box derby on Friday.

Next week is tournament week with volleyball, checkers, frisbees, chess and horseshoes. Also, on August 4th, there will be a Beach Day at Silver Lake.

**High School**  
On July 19th, the High School Playground girls found the Boutwell girls a little hard to handle. Even with the help of newcomers, Dawn Gifford and Beth Miano in the street hockey game, the home girls were held to Diane Pomfroy's two goals in a game full of disputes. Thursday the High School entertained the victors and turned the tables, winning both games.

Virginia) was a great asset, scoring 3 goals in the 6-0 victory. The softball score was also impressive, 24-2. In that four inning game the High School girls kept scorekeeper Pam Miano very busy!

While the guys build their carts for the soap box derby this Friday, the girls are planning an entry too. If it's safe, Brenda Clark will be the driver. If it's not, Diane will be at the wheel!

**Woburn Street**  
The Woburn Street girls entertained the Shawsheen girls on Thursday as they competed in softball and street hockey games. Woburn Street gained their second win of the year, 4-3 led on offense by Terry McDonough who scored all the goals. Linda Marshall, Barbara Arnold, Ann Marie Capodanno, the Ryan girls and the Gillespie sisters all played well for the Woburn Street Playground.

In softball, the Woburn Street girls fell to defeat in spite of the hand work of Lydia Nolan, Landi Webster and the McFarland twins. Brian Sughrue pitched two masterful games over the Shawsheen. In the nightcap contest, Tim Sughrue shut out the Shawsheen on Tuesday and Dave Sousa lost, 5-0 to the Shawsheen.

On Monday under the jurisdiction of Joan, Ronny, Mrs. Hilde-

brand and Mrs. Sullivan, the children journeyed to Canobie Lake Park, for a day filled with fun and frolicking. Other field trips are in the process of being planned.

Each playground is to enter a maximum of four entries, two for girls and two for boys. The public is invited to witness what promises to be an exciting afternoon of racing.

Playground children are invited to be on hand to cheer their friends. Free Ice Cream has been donated by Wilmington Ford.

ONE WAY TO BEAT THE HEAT: The Wilmington Summer Playground program is using private pools, for swimming pool parties for the Special Program at the Swain School.

Bonnie Knowlton, aged 7, is having a wonderful time as he gets some individual attention and swimming instruction from Bob Scanlon, one of the playground supervisors. Ross Marie Aldrich is swimming by.

A scavenger hunt was held on Monday in an attempt to gather materials for the Soap Box Derby to be held on Friday. The race will be conducted on School Street, which will be blocked to traffic to ensure the safety of all drivers and participants.

Each playground hopes to enter four cars, two each in the boys and girls categories. The time schedule for the race is 2 pm on July 28th.

Permission slips for the August 9th Red Sox game should be in no later than Thursday.

**Future Events:** Soap Box Derby to be held on Friday, July 31st begins Tournament Week with contests for all age groups. Sign up this Friday, July 28th if you want to enter the swim meet to be held at Silver Lake on August 4th.

**Glen Road**  
The Tiny Dodge Ball Champ this week was Michael Crimmons.

During the week two Eagle Scouts came to the playground and spoke to the group on "Survival in the woods and how to build a campfire". The talk was to prepare the children for Family Night which will be held on Tuesday evening, August 1st.

On Tuesday the Wildwood Playground members traveled into the "Blue Bombers" territory and found themselves in for a fight. The Blue Powder Puff Street Hockey Team played a superb game against the Yellow Zonkers in the morning only to find themselves in a 3-3 tie. Debbie Sullivan, Debbie Brennan, Cindy Rosa, Laura Miller, Tammy DiPiano and Paula Storrey did a fine job.

The Blue Bomber big guys softball team zonked the Yellows in a 20-6 victory. The Blues little guys were also victorious with a score of 8-5 under the excellent

## How to mistake a Realtor for an anybody in real estate.

It's easy. If you don't know what a Realtor is. He's not just anyone in real estate. He's the professional. The one with experience and expertise, who is pledged to the strict code of ethics of the National Association of Real Estate Boards. If he weren't, he couldn't be a Realtor.

That's good. Especially when he's working for you. Because you can relax, knowing your best interests are being taken care of, ethically, professionally. There's no better way than that, is there?

## Write your own loans by writing a check!

What a nice feeling it is to have the cash you need, when you need it! Whether it be for bargains, emergencies, tuition, vacation... or you name it.

**A Melrose-Wakefield Trust Supercheck Account** provides you with just such a cash reserve. It can be \$360, \$4,800, or whatever limit you and the bank agree is sensible in terms of your ability to repay.

**You write your own loans** whenever you need one with a supply of special, personalized checks. No limit on the number of checks so long as you keep within the total credit agreed upon. Your credit rebuilds automatically as you repay.

**Provides overdraft protection, too.** If, by mistake, you write checks for more money than is in your Melrose-Wakefield Trust Regular Checking Account, Supercheck automatically covers the overdraft by transferring funds in multiples of \$50 from your cash

reserve to your checking account, within the confines of your credit limit.

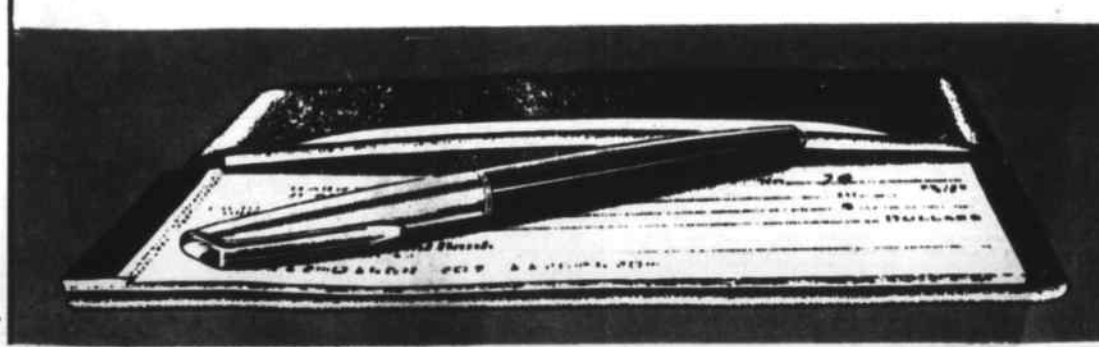

**It costs you nothing** to open a Supercheck account. There are costs only when you use the account. You will receive just one monthly statement covering all loans written in that period.

**Supercheck spells security** because it provides you with a cash reserve for whenever you need it, day or night.

**Flexible monthly repayment schedule.** There is a minimum monthly payment of \$15 on loan balances of \$360 or less. On amounts over \$360 you pay an additional \$5 for each \$120 increment or fraction thereof. The monthly finance charge is based on the average of the daily outstanding loan balance. The Annual Percentage Rate is 12%.

## VA QUESTIONS &amp; ANSWERS

Q. Is there a deadline for veterans to apply for VA hospital care?

A. No. There is no deadline if a veteran is eligible, needs it, and a bed is available. Beds are always available at VA hospitals for veterans with service-connected disabilities.

Q. I receive \$25 monthly VA compensation for a 10 percent service-connected disability, while my brother receives \$20 monthly for his 10 percent disability. Why?

A. You receive the \$25 monthly compensation because your disability was incurred during wartime. Apparently, your brother's compensation is for a peacetime disability, which is 80 percent of the wartime rate, or in his case, \$20.

Q. My husband, a World War II veteran, passed away recently.

Is he eligible for a headstone?

A. Yes. Any deceased veteran whose last period of service was terminated honorably is eligible for this benefit which is administered by the Army.

Q. May I borrow on my G.I. insurance to help pay college expenses for my son and daughter?

A. Yes, provided you have a permanent plan G.I. insurance policy over one year old. In that case, you can borrow up to 94 percent of its cash value. Current interest rate on such loans is five percent.

Q. I am a World War II veteran who never used his GI loan benefits. Is it true that I can still use benefit?

A. Yes. The Veterans Housing Act of 1970 restored unused, expired loan benefits to all veterans who were previously eligible. These benefits are now available until used.

ing roses in her hair and carried a colonial bouquet.
